CREATIVE DEVELOPER | HTML AD SPECIALIST | JAVASCRIPT ANIMATOR

Creative Developer with 11+ years of experience hand-coding high-volume HTML5 ad banners and JavaScript animations for major brands across the advertising and marketing industry. Built and maintained a custom GreenSock-based production framework (TweenMax/TimelineMax) that enables rapid, scalable banner development — consistently delivering dozens of units per production cycle. Combines deep technical execution with business acumen developed through founding and operating a multi-channel e-commerce business.

AGENCY EXPERIENCE

Omnicom Production — Creative Developer New York, NY | July 2024 – May 2026

Merkley + Partners — Creative Developer New York, NY | November 2019 – July 2024

Bannerboy Corporation — Banner Developer New York, NY | May 2018 – June 2019

Elizabeth Arden — Digital Media & Banner Developer (Contract) New York, NY | February 2018 – April 2018

Droga5 — Creative Banner Developer New York, NY | April 2015 – May 2017

Managed full production lifecycle from creative comp to final delivery across all roles. Built banner units in VS Code using a custom GreenSock framework with pre-built animation methods, timeline manipulation, asset preloading, and cross-browser debugging tools. Exported and optimized all image assets at retina resolution in Photoshop and Illustrator for web delivery, and packaged final files to meet publisher and ad-serving specifications. Built and maintained a custom PHP staging site for client review, QA validation, and asset delivery. Collaborated with creative, account, and production teams to deliver across simultaneous campaign runs under tight deadlines.
